BLUE BAY

Beach

The Beach at Blue Bay is about a 10-15 minute walk from The Reef and requires a beach pass to get in for no charge. There are 4 passes available with the rental. Please take great care of these as they are difficult to replace.

The beach does get crowded, especially on weekends, so arrive early. Be discreet with bringing your own drinks and food as there are restrictions on non-resort supplied beverages. There is great snorkeling right at the Blue Bay Beach and a dive shop with introductory dives and certification programs. There are no lifeguards at the Beach or any pool within Blue Bay.

Tennis

We have recently resurfaced tennis courts available that can be booked at the Resort office near Lemongrass Restaurant/Golf Course. They are used primarily in the early hours and late afternoon and there may be a lighting charge for use at night.

Golf

Blue Bay Golf: The golf course has many packages available for play as well as rental clubs. Everyone must rent an electric cart, walking is not permitted. Play packs of 5 or 10 rounds can help reduce your cost/round - you can also purchase a monthly rate for \$500-550 USD. Coolers with ice are provided and you are welcome to bring your own beverages, snacks and sandwiches. Tee times are required, with the first timing being at 7am. There are two other golf courses on the island. You can contact the front office of Blue Bay for reservations.

Emmerstad was the original 9-hole course developed by Shell oil when they operated the refinery. This course has a unique history, is economical to play, has a Ladies day on Tuesdays, and the greens are the best part. The tee boxes not so much. At **Santa Barbara 'Plantation'** at the east end of the island is the Pete Dye Course. It is about a 45 minute drive and the green fees would be about \$200 USD. Worth playing once?

Water activities

The water sports center at the Blue Bay Beach has plenty of ways you can enjoy the ocean. Fishing trips, catamaran sailing, kayaking and paddle boarding, snorkeling, wakeboarding and more. - open 7 days a week from 8:30 AM - 5:30 AM

EXPLANATION OF APPLIANCES IN THE APARTMENT

Nespresso coffee machine

ESSENZA MINI

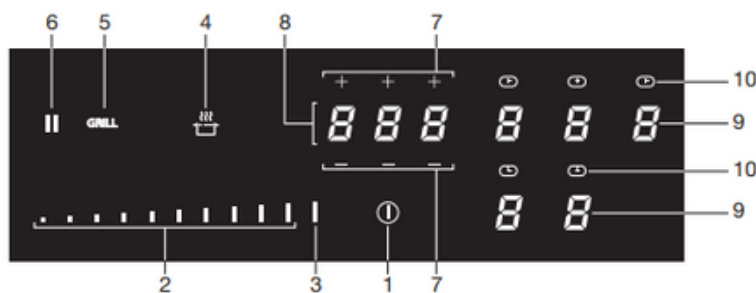

Rinse out the water tank and then fill it with drinking water. You can lift the water tank by the lid. Turn on the machine. The indicator lights flash, this means the machine is heating up for 25 seconds. When the lights are on constantly, your machine is ready to use. Place the capsule clamp in the open position and place the capsule in the clamp holder. CAUTION: Never open the capsule clamp during use. Close the capsule clamp and place a cup under the coffee spout. While heating up, you can press the Lungo or Espresso button while the lights are flashing. The coffee will start flowing as soon as the machine is ready.
